Welcome

First, a reflection that we and our Vendors are especially proud of for North Queensland: What an accomplishment it was for the Big Country Sale to market the 'Top Price Trifecta' for the Brahman breed, Nationwide, in 2023. We have honoured the remarkable achievement on this catalogue's back cover, and again extend our congratulations to the Vendors and Purchasers of those individual animals.

And now a prediction: We are certain you will agree with us when you attend the Sale, that the Big Country 2024 offering again surpasses last year's magnificent line-up, which produced those three impressive national Sale toppers! Studmasters and cattle producers, we have a ripper of a Sale team in the 404 Lots on the following pages, offering you the valuable opportunity to again **Buy The Breed Leaders. A record 280 Lots in this Sale are Polls** – the largest poll Sale selection ever offered in Northern Australia, and **52 of them are PP**.

It is pleasing to witness the cattle market ending 2023 on an upward direction, and confidence about the broadening again of Australian beef access to China. They are both indicators of a more positive outlook for 2024.

Big Country has been at the forefront of innovation over all its years, benefitting Buyers and Vendors for each to achieve better outcomes. This year you will see Lots designated with reference to **DNA verification** (see page 5) and we have also introduced **Cost Cap Delivery Pricing** for Southern centres, which will undoubtedly ease the burden and the worry for Southern States, Darling Downs, South Burnett Studmasters who might only purchase one Lot or two (see Page 5). This is in addition to the Sale's other attractive Volume Buyer (Bulls and Heifers) and Travel Rebates, etc.

• **129 Red Sires and Herd Bulls** – an exceptional, high calibre line-up of the strongest quality Big Country has ever presented! In fact, we see Sire prospects among them offering genetics, breed quality and beef industry performance combinations as valuable and enticing as any of the high profile, top sellers at any sale of recent years. Studmasters on a Sire search mission will be delighted with this selection.

• **139 Stud Heifers** – more quality Reds this year (44) joining the substantial Grey selection (95). Just over a third of the heifers are already joined (to very good sires too) which provides an earlier return for buyers, with the balance open to joining Sire options. **Plenty of Polls in the heifers (83) – the biggest and best poll female selection in the business.** Have a look at the Stud Heifer Vendor Index – you'll see Big Country is a market that is a 'once-a-year' opportunity to secure stylish females from many of these leading Studs.

• **136 Grey Sires and Herd Bulls** – attractive, proven pedigree lines back this eye-catching selection. As usual, there are Sire prospect 'gems' throughout the Vendor drafts and definite **Poll Power in a number of them.** Discerning bull buyers will also identify the obvious Stud industry potential in some of the young, up and coming, 'Breed Shaper' prospects, and as usual at Big Country, high quality continues to the last Lot.

Commercially, steer breeders will love the evenness and quality consistency in the Red and Grey commercial type bulls and, knowing that we value your time and support, we have rigorously inspected and selected every catalogued bull to very high standards. When you can take home bulls of this quality for 4, 5, 6 and \$7,000, as 40% of the offering did last year, you know you've secured outstanding 'Value for Money'.

All the information and contacts are in this book. If not, contact us anytime. For photos log on to www.brahman.com.au up to Sale day. We look forward to you joining us at Charters Towers on Monday 5th and Tuesday 6th February where you can again **Buy The Breed Leaders!**

He gets them consistent, this Rolex sire - all strong in natural beef performance, constitution and substance. Reece is a younger, poll bull of strong breed features, a good head and pigment. Stands sound on strong bone and again, attractive natural muscling. Will go out and work well to produce the same qualities in his calves.

He is a very 'attention grabbing' bull with his strong sirey head, correctness and he is full of attractive breed character. Lochie will stand out as an attractive red, strong pigment sire prospect with a decent amount of buyer appeal. He comes from a good, young, poll Honky Tonk cow and is a sound and correct type with good feet and legs, strong head and muzzle, and softness of finish. We believe there is some potential to be realised here by his purchaser. Have a look at him later in the Sale.

KAMIR CONGENIALITY GIRL 102/6 (ET)

Reality is the first of the Three D Sheriff sons to be offered. He's a masculine type with a good head, strong muzzle and attractive breed character. Those sire style qualities are complemented by excellent muscle expression, a big square hindquarter and depth through the flank. Breed and beef appeal with the poll benefits in this bull. Don't overlook him.

Rumbo is the first offering from Arizona S. He is an eye-catching young poll sire with breed and beef appeal. Lovely natural muscling on him, big full hindquarter and again deep flanked. Quiet, fit and healthy with the ideal skin type. He's a bull discerning beef producers should inspect. His dam is 16yo, an ex Show cow and still producing a calf in the herd every year.

Slider is a big, well grown, white grey sire; a real eye-catcher on style, type and strength of pedigree. He's an upstanding bull, smart in his presence and has a strong, straight topline right into the hump. Additionally, his overall natural carcass credentials are first class and he has a good set of testicles. Plenty of poll in his pedigree including his exceptional dam 5420, who has produced multiple high quality, top selling sons. Matthew Kirk of Ticoba and the Bishops of Garglen purchased sons of her at Big Country 2023 for \$52,000 and \$20,000 respectively Bred to perform and looks the part for sire success.

Sundown is a big beef performance bull as you'd expect by the \$180,000 Nicneil Sugar Daddy. A good bodied bull, deep and square and well grown. We really like this excellent, white grey sire as a quality bull breeding prospect. On type, he exhibits attractive breed style and characteristics and that is enhanced by his valuable beef industry credentials. Just get around him and see his strong bone, lovely length, tremendous muscle pattern and strong, broad topline. Iceman is square and full through the quarters, and deep and full in the flank. Fit and healthy, good skin on him - just lots and lots of boxes ticked for premium beef production. His strong pedigree will underwrite 'true to type' progeny performance. Your inspection invited.

Viking is the first of a pen of 3 full brothers superbly bred by the poll V8 bull 279 out of the top level donor, Cindy 6775. This is the poll brother and he is top quality all the way. As his breeding would indicate, he has loads of breed quality backed by exceptional natural beef performance. Rising 2yo, he is a blue grey with softness, of excellent bone, deep girthed and full, broad, deep hindquarter. Beautiful poll head on him, stands square and correct with a clean sheath and good testicles. Now, where in the World today do you see a pen of super high quality bulls with tails to the ground like these three brothers? A highly recommended poll sire prospect in every respect.

He's a week younger this fellow. Have a look at his hindquarter, beautiful backline and good testicles. Volvo again has a strong masculine head and natural muscling of tangible benefit to the Beef Brahman industry. He is full and square through the body and we have no hesitation in recommending him as a sire prospect of huge potential.

Admiral is a young, poll, Accelerator, white grey son of real appeal.
Don't miss him later in the Sale. He is a March calf, however he shows a lot of style and breed quality, and a good head. He is deep through the body, clean sheathed, well muscled and has a great hindquarter. A good combination of beef and breed credentials for a bull so young but he shows the capacity to furnish on into a very impressive sire in the months ahead.

A poll backed by a super strong, natural beef performance pedigree, that will deliver benefits to many beef enterprises.

Stud Stock - Auction Terms & Conditions of Sale

IMPORTANT NOTICE: All bids shall be treated as offers made upon the following Terms and Conditions of Sale and all persons present are admitted to attend the sale on the basis that they have notice of these Terms and Conditions.

1. The highest bidder shall, subject to Condition 2, be the Purchaser provided that the Vendor reserves the right to bid either by himself or through his Agent or Auctioneer and should any dispute arise among the bidders for any lot, during or immediately after the sale of the lot, it shall be settled at the Auctioneer's absolute discretion who may, should one of the disputants advance, put the lot or lots up again. The bidding from time to time shall be regulated by the Auctioneer and no bid shall be retracted.
 2. The sale will be conducted on a "Sale" or "No Sale" basis whereby the lot for sale shall be knocked down to the highest bidder, but the sale will be subject to the acceptance of the highest bid by the Vendor who will immediately after the fall of the hammer declare "Sale" or "No Sale". Should the Vendor reject the bid of the highest bidder such bidder will have the right of first refusal of the lot at the Vendor's nominated price for one hour after the lot has been passed out of the ring on the Terms and Conditions herein set forth in so far as they shall apply.
 3. The details of the Purchaser, the purchase price and the lot sold as recorded by the sale clerk for and on behalf of the Auctioneer shall be equally binding on both Purchaser and Vendor.
 4. The Auctioneer expressly reserves the right, without giving any reasons therefore, to:
 - (a) Refuse to acknowledge any bid;
 - (b) Withdraw any lot or lots before or during the sale;
 - (c) Exclude any person from the auction venue should it think fit.
 5. Each lot in all cases shall be at the risk and expense of the Purchaser upon acceptance of his bid by the Vendor or upon acceptance of the highest bidder's offer by the Vendor whichever shall be the earlier.
 6. Except as expressly provided in these Terms and Conditions of Sale no guarantee or warranty shall be given in respect of any lot sold under these Conditions as to pedigree, sex, age, breeding condition or otherwise howsoever, and no guarantee, warranty or condition whatsoever shall be implied from any affirmation made before or at the time of the sale, or from any circumstances of the sale, but in all cases where a guarantee is intended the same shall attach and be enforceable only if reduced to writing before delivery of the lot and signed by the Vendor or by the Auctioneer acting as agent for the Vendor, and the absence of such writing shall be conclusive evidence in case of dispute that no guarantee, warranty or condition whatsoever was given or implied.
 7. In the event of any dispute in respect to the sale of any lot:
 - (i) The Purchaser shall nevertheless be obliged to pay to the Auctioneer the full purchase price and any other monies or interest payable by the Purchaser in accordance with these terms and conditions;
 - (ii) The Vendor and the Purchaser shall resolve the dispute between themselves;
 - (iii) The Auctioneer shall have no liability or responsibility in regard to the dispute; and
 - (iv) No lot shall be returned to the Auctioneer and the Purchaser shall indemnify the Auctioneer for all costs, expenses and damages which the Auctioneer is put to or incurs by reason of the Purchaser so doing.
 8. The name of the Vendor for whom the Auctioneer acts is acknowledged to have been furnished to Purchasers prior to the sale and further particulars will in all cases be furnished to a Purchaser if required. In the case of any disputes the remedy of the Purchaser shall be against the Vendor only and in no case or under any circumstances against the Auctioneer who is to be regarded for all intents and purposes as agent for a disclosed principal.
 9. (a) **PAYMENT** — Unless prior credit arrangements have been made in writing with the Auctioneer the full purchase price for each lot shall be due and payable to the Auctioneer in cash upon acceptance of the highest bid or the highest bidder's offer by the Vendor and prior to delivery. Notwithstanding that delivery is given to or possession obtained by the purchaser or his representative prior to the payment of the purchase money in full the property in any lot which is sold shall not pass to the Purchaser until the full purchase price and all cheques, promissory notes, bills of exchange, acceptance orders or drafts given in connection with such payment have been paid and liquidated, and until property shall pass, the Purchaser shall hold such lot as bailee, provided that in all cases should such payment not have been made and liquidated within 14 days of the date of the sale the Auctioneer reserves the right to:—
 - (i) Rescind the contract on behalf of the Vendor and repossess and resell any lot;
 - (ii) Recover from the Purchaser interest upon the purchase price at a rate per annum which aggregates the AMBA Bill Rate plus two per centum. For the purposes of this condition, the expression "the AMBA Bill Rate" is the rate published by the Australian Merchant Bankers Association in good faith as at the date of the sale as its bill rate for 180 day bills of exchange expressed as a percentage per annum. If at any time the AMBA Bill Rate becomes unavailable for any reason, the Auctioneer shall determine and advise the Purchaser of the interest rate to apply for the purposes of this condition.
 - (b) The Auctioneer is selling as the del credere agent of the Vendor and the full purchase price of any lot sold shall be payable by the Purchaser to the Auctioneer and be fully recoverable by the Auctioneer in its own name.
10. If the Purchaser shall neglect or fail to comply with any of the within conditions, any lot purchased by him may be immediately resold by public auction or private contract, with or without notice, at the risk of the former Purchaser, who will be held responsible for all loss and expenses arising out of such resale, and shall not participate in any profit accruing therefrom.
11. Any Vendor or Purchaser removing the sale number from any lot after it has been sold will fully indemnify all affected parties for any loss, costs or damage should the lot be wrongly delivered.
12. The Purchasers, if any more than one, shall be jointly and severally bound by these Terms and Conditions, and shall jointly and severally carry out and perform same.
13. Any person who advances a bid on a lot shall do so on the expressed condition and understanding that should that person's bid be the highest bid and such bid is accepted by the Vendor, then that person will be held personally liable for the price so agreed upon, regardless of the fact that that person may be acting on behalf of another party, either disclosed or undisclosed to the Vendor or Auctioneer, provided however, that this Condition shall not in any way negate the Vendor's right to claim against any principal and in such case the bidder's liability shall be construed to be by way of guarantee.
14. The Auctioneer may, should it think fit, make arrangements on a Purchaser's behalf for the feeding, watering, trucking, shipping of and general attendance to any lot after sale but no responsibility will be accepted by the Auctioneer and all such service will be at the Purchaser's risk and expense.
15. No lot will be delivered until the sales invoice has been checked and signed by the Purchaser or his duly authorised representative.
16. (a) Each lot in all cases shall be sold with all faults, if any, and excepting those conditions and warranties implied by the Trade Practices Act or any applicable State legislation which cannot be contractually excluded and excepting conditions and warranties expressly contained in these Terms and Conditions of Sale, any express or implied condition, statement of warranty, statutory or otherwise, is hereby excluded. The Auctioneer is not liable in respect of any error, misdescription or omission in any particulars appearing or stated regarding the description of pedigrees of any lot offered for sale and no such error, misdescription or omission shall entitle the Purchaser to annul the sale or reject the lot or claim any compensation, damage or abatement in price.

- (b) Each lot will be sold subject to passing all veterinary tests required by the law of the state or country to which the Purchaser intends to transport that particular lot, such tests to be undertaken at the Purchaser's expense and concluded immediately following the sale. In the event of a lot failing to pass these tests, the sale shall be null and void, any purchase moneys paid by the Purchaser shall be refunded and property in the lot shall revert to or remain with the Vendor.

17. Guarantees of Fertility:—

- (1) BULLS - Save and except for calves at foot, all bulls are guaranteed breeders and to so prove by the later of:
- (a) six months after the date of sale or
 - (b) the animal reaching the age of 24 months
- (2) FEMALES - Save and except for female calves at foot, all females are guaranteed to be in calf or go into calf by the later of:
- (a) 6 months of the date of sale
 - (b) the animal reaching the age of 30 months
- A positive pregnancy test certified by a qualified veterinary surgeon shall be sufficient evidence that the animal is in calf.
- (3) Claims under Clauses 17(1) and 17(2). A claim that an animal has failed to satisfy a guarantee of fertility under Clause 17(1) or 17(2) must be made to the Vendor within the relevant guarantee period but prior to the animal entering a quarantine area other than on the Vendor's property.
- (a) All claims must be accompanied by a certificate from a registered veterinarian surgeon in accordance with the guidelines established by the Australian Association of Cattle Veterinarians which must clearly identify the basis of the claim.
 - (b) Subject to Clause 17(9), infertility resulting from injury or disease occurring after the sale of the animal is not covered by this guarantee.
 - (c) The Vendor retains the right to have the animal placed on a property nominated by him or returned to his own property for further assessment of fertility for a period not exceeding six months. If the animal proves fertile within the period such status must be confirmed by a certificate issued by a registered veterinary surgeon in accordance with the guideline established by the Australian Association of Cattle Veterinarians and costs incurred must be borne by the Purchaser. If the animal is not proven fertile within the period, the costs incurred must be borne by the Vendor.
- (4) LIABILITY OF A VENDOR - Except for costs defined elsewhere in the conditions of sale, the liability of a Vendor in respect of claims relating to fertility shall not exceed the purchase price of the animal(s) or provide mutually agreed upon replacement animal(s).
- (5) In the event of a claim being substantiated:
- (a) The purchase price shall be refunded within 14 days unless a mutually agreed upon replacement animal has been provided.
 - (b) The animal/s which are the subject of the claim and any stocks of stored semen shall automatically become the property of the Vendor and be returned to him or disposed of according to his instruction at his expense.
- (6) Subject to Clause 17(9), this guarantee is of no effect if:
- (a) The animal is returned to the Vendor.
 - (i) In poor physical condition or with any injury;
 - (ii) Tests carried out on behalf of the Vendor within fourteen days of such return proved positive to any diseases which may affect the animal's fertility or ability to breed naturally; or
 - (b) The Purchaser has collected and stored embryos from a female.
- (7) In the event of a dispute as to whether a lot is a breeder, such dispute shall be resolved by the Vendor and the Purchaser. The Auctioneer, while he will use his best endeavours to assist, shall have no liability or responsibility in that regard. If an animal is alleged or proved not to be a breeder, the Purchaser must nevertheless pay the Auctioneer the full purchase price and any other monies or interest payable by the Purchaser in accordance with these Terms and Conditions.
- (8) EVIDENCE OF FERTILITY — A Certificate issued by a registered veterinary surgeon at or before the time of sale than an animal is fertile (unless it is a certificate stating in respect of a female that she is in calf at the time of sale) does not, of itself, satisfy or discharge the Vendor's obligations under the guarantee of fertility given under this Clause 17. All animals, except calves at foot, must prove their fertility within the relevant guarantee period.
- (9) RELIEF FROM GUARANTEE — If the Vendor seeks to be relieved from the obligations which would otherwise be imposed upon him by this clause by virtue of Clauses 17(3)(b) or 17(6)(a), the onus of proof is upon the Vendor to establish that:
- (a) The animal suffered the injury or disease or is in poor physical condition due to circumstances and events occurring after the sale, and
 - (b) The injury, disease of physical condition is the sole cause of the animal's infertility or failure to prove fertility within the guarantee period.
- (10) DEFINITION — For the purpose of this Clause 17, the expression "guarantee period" means:
- (a) in relation to bulls — the period specified in Clause 17(1) as being the period in which the bull must prove his fertility; and
 - (b) in relation to females — the period specified in Clause 17(2) as being the period in which the female must go into calf.

18. (a) Each lot shall be at the risk of the Vendor in respect of any damage or injury, whether by disease, accident or otherwise, or whether caused by the negligence of the Auctioneer for the period that the lot be in the custody of the Auctioneer, unless such lots shall have been sold in which latter case such lot shall be at the risk of the Purchaser in all such respects.

(b) If any Vendor brings to the sale premises any lot which is dangerous, or infected with any disease, that Vendor shall be liable for all injury, damages, costs, losses or expenses which the Auctioneer may sustain, incur or be put to either directly or indirectly as a result of the Vendor so doing. The Auctioneer reserves the right, at its absolute discretion, to exclude from the sale, or put out of the sale venue or dispose of, any lot which in its opinion shows signs of any disease, whether infectious, contagious or not, or of any serious fault or of being dangerous.

19. DELIVERY — Except at the discretion of the Auctioneer no lot shall be delivered to the Purchaser unless payment of the purchase money together with any additional charges incurred including those expenses incurred by the Auctioneer pursuant to Condition 14 hereof, is first made by the Purchaser to the Auctioneer. Release of lots may be withheld by the Auctioneer until personal cheques are cleared.

20. In these Conditions:—

- (a) References to "Auctioneer" shall be taken to mean as the context so admits, the Selling Agent or any member, subsidiary or related corporation or body, officer, agent or employee thereof, authorised by the Vendor to conduct the sale of the lot;
- (b) "Purchaser" shall have the meaning ascribed to it in Condition 1;
- (c) "Vendor" shall mean the person or corporation upon whose account lots are offered for sale and where a stud or farm is named shall mean the proprietor of that stud or farm;
- (d) "Lot" shall be taken to mean the animal offered for sale and/or sold by the Auctioneer on behalf of a Vendor.
