

MARKET REPORT

Weaner Sale

25th September 2025

Blackall combined agents yarded 6,185 head for their monthly feeder & weaner sale. The yarding this week consisted of cattle sourced from our local producers and the Northern Territory. The market remained strong with a mixed yarding of quality and plain cattle. We can see the start of the second-round weaners coming through the yards influencing the market with some larger runs of cattle that attracted some strong competition with all the present buyers.
