

GRACEMERE MARKET REPORT

15th April 2026

Gracemere combined agents yarded a total of 2353 head, consisting of 1080 steers, 811 heifers, 301 cows, 91 mickey bulls, 51 bulls and 19 cows & calves. The fat market realised a moderate positive trend with the feeder portion attracting strong competition from southern support to lift the market. Feeder heifers were of minimal numbers and quality to quote accurately with the secondary types softening significantly. Re-stocker steers met outstanding competition to achieve an increasing average for the quality of calves presented. Weaner heifers were solid on last week's prices and achieved stronger demand for the correct articles.
